We currently have two Licensed Clinical Social Workers: Candice Hambrick and Elizabeth Fleming and a Recovery Coach, Gerren Lawson. We can provide virtual health or telephone appointments. Request an appointment online at www.arcare.net . Click Kentucky as the state and select Behavioral Health for the type of service.	Since Covid, we have seen an increase in symptoms associated with anxiety, grief (over loss of job/income, social interactions, death of loved ones, etc), depression and substance use. Patients with no prior mental health concerns are seeking services due to the disruption of their routines and daily functioning. Parenting topics is something that has also come up a lot due to the interactions changing between parents and children. This has been a difficult time for many so having someone to talk/consult with has been helpful.
